

## PANArt-Hang-Cleaning Spray

### Description

---

The PANArt-Hang-Cleaning Spray is a waterbased and oil free, mild alkaline cleaner which provides at the same time a very good corrosion protection.

*- Free of oil, solvents and silicon -*

### Technical Data

---

Colour	Light yellow
Density at 20°C	1,02 g/ml
Viscosity at 40°C	1,0 cSt
pH value	9,2
Flash Point	none

### Application

---

PANArt-Hang-Cleaning Spray is applied to cleaned and to ensure corrosion protection for the HANG. The mild alkaline fluid also leaves a very smooth haptic and give a soft touch to the HANG surface.

It cleans sweat, finger prints as well as oily, greasy residues. After applying the fluid dries off and the metal surface is protected against corrosion. The best corrosion protection is given when the HANG is kept indoors.

### How to apply

---

The fluid has to be applied with the spray gun. 6-7 squirts onto the HANG-surface have to be distributed with the special cleaning cloth (comes along with the HANG cleaning set) to clean and to give corrosion protection. Distribute the fluid as long as it dries off and you feel a soft touch of the steel surface.

The corrosion protection depends on how often the HANG and in which environment it is played or stored. In a dry environment the corrosion protection is over 90 days. A high humidity environment (like near to the shore) the HANG should be treated after roughly 14 or 28 days.

### Advantages

---

- Easy to apply
- Excellent cleaning effect
- Long corrosion protection (at indoor storage)
- Polishing Effect
- Leaves a „soft haptic“ and gives a smooth touch the HANG is played
- Biodegradable & watersoluble
- No hazardous material
- No propellant (500 ml manual Spray Gun)
- Easy to refill

## Price

---

Cleaning Set	EUR 22,00 (500 ml Spay Gun & Special cleaning cloth)
Cleaning Spray	EUR 15,00
Cleaning Cloth	EUR 7,00
1 ltr. Refill bottle	EUR 22,00

All prices to be understood incl. packaging additional freight costs  
(world wide, excluding CH as PANArt takes care of CH).

Freight in Germany	EUR 8,90
Freight in EU world wide (except CH)	to be requested (depends on country)

Freight only for cleaning cloth (without Cleaning Fluid):	D	EUR 2,20
	EU & world wide	to be requested
